

COAST CHAMPIONSHIP TANGLED UP IN OREGON, W. S. C. BATTLE TODAY

Winner Can Probably Clean Up
Other Opponents; Star Men
on Both Teams Played With
Famous Marines, 1918.

PORTLAND, Or., Nov. 8.—The eyes of Pacific coast football fans are focused today on Portland where the eleven of Washington State college and the University of Oregon are battling in a contest which may determine the intercollegiate championship of the coast. The winner today can probably clean up on the other opponents during the remainder of the season.

Star men on both teams, who are opponents today, were members, last season of the famous Mare Island Marines, including "Scrub" Huntington and Bill Steers of Oregon and the Hanley brothers of Washington State.

Other gridiron engagements on the coast today include tangles between Idaho and Montana at Moscow, Stanford and Santa Clara at Palo Alto, Southern California and California at Los Angeles, Willamette and Vancouver Barracks at Salem, Oregon Aggies and Multnomah at Corvallis and Washington and Pacific fleet at Seattle.

WILSON'S PEACE NOTES CALLED "DISPLEASING"

BERLIN, Nov. 7.—President Wilson's peace notes were "most displeasing to the allies," Von Bernstorff declared today when he resumed testimony before the Reichstag committee investigating responsibility for the war. The entire "keep-us-out-of-war" campaign was viewed with disfavor by the British, the count indicated and declared Hearst's pro-peace articles were approved by Wilson.

PENDLETON AND EAST END ELEVEN'S BATTLE AT MILTON TUESDAY

Armistice Day Will See Next
Football Game for Locals;
Girls Have Big Athletic Carnival,
Show New Uniforms.

The Pendleton high school football team goes to Milton Tuesday to meet the Milton-Freewater team. The boys are in fine shape to win as there have been over two teams out to practice every evening this week. According to the coach they have the tight and punch.

This afternoon was spent in practice at the Round-Up grounds. Members of the school's alumni, old football men, who know the game and who watched this afternoon's workout, say that the fellows are in better shape than before.

Hundreds Attend Carnival
Several hundred townspeople and students filled the high school gymnasium last night to witness the girls' athletic carnival, staged by the girls' cadet corps. C. S. Cramer, Miss Catherine Morgan, faculty members, and Miss Vashli Hoskins, student captain, were highly complimented upon the excellence of the carnival.

The entertainment started with calisthenics and military drill under the direction of Commandant C. S. Cramer and Captain Vashli Hoskins. Girls were chosen from the ranks from time to time to take charge of the drill. They all proved very efficient in this work. Miss Hoskins showed special ability as a commanding officer.

Series of Stunts
This part of the program was followed by a series of stunts by different groups of girls. Among these were an Indian club drill under the direction of Evelyn Mortimer, an Irish jig, led by Esther Jenkins, an Aze of Diamonds Dance, led by Caroline Schneider and Ruth Minnis and a Highland Fling, led by Geraldine Morrison. These dances were very pretty and the costumes were quite striking.

The basket ball game between the Senior-Soph team and the Rock-Juni team resulted in a victory for the former with a score of 19 to 8. A. C. Crews refereed the game. A feature of the game was the teamwork of the Senior-Soph team and the spectacular play of Esther Jenkins and Vashli Hoskins, Senior forwards. During the intermissions the girls put on a series of stunts. Music was furnished by the high school orchestra, composed of Alberta McMonies, violinist, Richard Neil, drummer; Lois Gornall, pianist. This was the first appearance of the orchestra.

Girls in Uniform
The program was staged primarily for the purpose of introducing the new uniforms of the Girls Cadet Corps. Miss Morgan, said this morning that about 25 of the uniforms have not yet come.

The line up which will be used in the Milton game is as follows: Elliot, center; Goedecke and Johnson, guards; Shull and McCas, tackles; Strouss and Sanders, ends; French, fullback; F. Snider, right half; Kertley, left half; Temple, quarter back.

A bunch of rooters and a second team will accompany the first string men. Among the latter are included: Beck, Warner, Byers, Cahill, L. Rugg, Salmon, Simonton and Fancher.

NEW HEAD OF NEW YORK DIOCESE AND BISHOPS WHO ATTENDED HIM WHEN HE WAS INSTALLED

Left to right: Bishops G. H. Kinsley, Charles Sumner Burch and Charles H. Brent.

With impressive ceremonies the Right Rev. Charles Sumner Burch was installed as eighth bishop of the Episcopal Diocese of New York in the Cathedral of St. John the Divine, New York City. Bishop Burch is the

N. Y.-SAN FRANCISCO AERIAL MAIL SERVICE SOON TO BE STARTED

WASHINGTON, Nov. 8.—Transcontinental aerial mail service between New York and San Francisco will be established in the near future, possibly by January 1, Otto Jaeger, sec-

ond assistant to the postmaster general, told the house postoffice committee today. Two planes have already been constructed and others are ordered.

A faint heart is more apt to win the fair lady than a bank account.

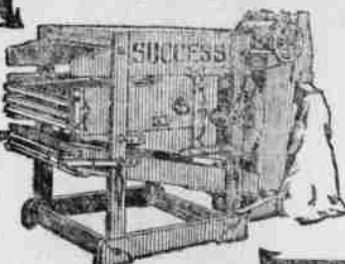

The wise artist paints a woman's portrait not as she looks but as she imagines she looks.

Grading Pays Big Profits

Don't use "pretty good" seed and take a chance when you can use "good" seed and increase the yield and improve the quality. There is only one way to get perfect seed and that is by using a

Success Seed Grader

this machine that grades all kinds of seed more thoroughly and more easily than any other. It's the only grader that saves out the large, plump, perfect kernels for seed—the smaller, plump kernels for market and removes all cracked and shrunken kernels for feed. (Three grades), and at the same time removes the greatest percentage of foreign grain, weed seeds and trash of any machine in one operation. No extra wild cat kickers necessary. The only grader that separates and seeds the seed and market grain. Does the work in record time and never clogs.

Bigger Crops—Better Prices
The Success Seed Grader improves the grade, increases the yield and lowers the percentage of discards, thus saving its cost many times over in a single season.

See It Demonstrated
Once you see the "Success" operate, you will never be satisfied with any other grader. Let us prove it to you.

MAXWELL STOOD THE SUPREME TEST

Engine F. Cox of Los Angeles drove 1916 Maxwell Car Over 50,000 Miles of Highway.

(From The Punch, Oct. 15.)

Portland, Ore., Oct. 14.—The supreme test of road service has been administered by Eugene F. Cox of Los Angeles, driving a Maxwell touring car. Accompanied by Mrs. Cox, he has driven a 1916 Maxwell over more than 50,000 miles of good, bad and indifferent highways in the territory lying between the Mississippi river and the Pacific coast. Cox declares that the car is still in good condition.

After three years' companionship with the Maxwell on all kinds and conditions of road Mr. Cox is thoroughly satisfied, he declares, and will continue his wanderings in a 1920 model next season.

The above is one of many examples of the superiority of the Maxwell.

We are still doing a general auto repair business. See us for LEE TUBES and TYRES. Our prices are right.

ARE YOUR EYES RIGHT?

The really sensible thing, of course, is to know your EYES. Have them examined by an Optometrist, who is specially trained in Optometric science. Without this professional advice no one can tell whether his or her eye sight is good. Unwillingly you may be seeing only half as well as you might.

40 DRINK DENATURED ALCOHOL AND GO BLIND

SEATTLE, Nov. 8.—Blind or nearly blind, 40 strong, healthy, able-bodied men are in custody at the county stockade and will be wards of the taxpayers of the state during the rest of their natural lives as a result of drinking denatured alcohol.

John P. Sullivan, special investigator of alcohol permits of the prosecuting attorney's office, told these facts to members of the Seattle Retail Druggists' association today, in outlining the letter and interpretation of the state and national prohibition laws at a meeting at the chamber of commerce.

Denatured alcohol is one of the most serious menaces to the health of a certain class of people in the city, he said.

"POINT OF TRIANGLE" HAS NO SYMPATHY FOR WIFE WHO SHOT OTHER WOMAN

SAN FRANCISCO, Nov. 8.—Fredrick Thurston, the "point of the triangle" which was shattered when Mrs. Thurston shot and killed Jean Kimball, said he hopes to see his wife hang, and that he feels not the slightest sympathy for her. "My wife wasn't jealous of Miss Kimball. She merely wanted \$5000 as the price to allow me a divorce."

IRISH STRIKE THREAT ATTEMPTS FORCING OF PASSPORT FOR LARKIN

DUBLIN, Nov. 8.—Authorization to call a general strike throughout Ireland if the British government refuses to grant a passport for James Larkin, Irish labor leader, has been given leaders by a conference of the Irish labor league.
